Version Notes 5.4.0.0 (18-01)

Type	Description	Requires support to activate
New feature	A product's connection to a supplier agreement now can be inactivated, making it possible to keep all settings and reactivate the connection when needed. Previously the connection had to be deleted and re-added which caused unnecessary administration to the user.	No
New feature	It is now possible to configure the system to enable making purchase orders to warehouse with quantities expressed in product unit, packaging unit or purchase unit. Previously only purchase unit was supported. To enable this feature, please contact Extend support since role rights must be setup.	Yes
New feature	The account registry has been assigned a new property, account type, which makes it possible to add free text type information about the account. The type data is saved on each accounting transaction. The reason for this addition is to support accounting data in countries where the account number will not tell which kind of account it is.	No
Improvement	Performance has been improved when listing products in order booking interface.	No
Improvement	Svefaktura output format now includes reference data to the original order, and is also possible to setup to export GLN-number of both Seller and Buyer party.	No
Correction	When deleting a product's connection to a warehouse or supplier agreement the user received no notification about the reason for delete-failure. This has now been corrected.	No
Correction	Report Intrastat export had problems with user rights which now have been resolved.	No
Correction	The product-warehouse user interface failed to list Purchase rounding property values. This has now been resolved.	No
Correction	During some extraordinary circumstances related to salesmen data, the order list search page displayed faulty order sums. This has now been corrected.	No
Correction	If a client was lacking a supplier agreement, the page for administrating the products connection to supplier agreements failed to load. This has now been corrected.	No
